## Gerrit Rietveld Academie

In order to consider you for the NL Scholarship, we would like to know a little more about you. Would you answer the following questions as openly as possible? Of course you may add more pages.

Everything you share with us is kept confidential.

### Personal Information

What is your family situation like? What do your parents do? Can they support you financially in your studies? If not, how do you expect to support yourself? For example, do you have a scholarship or savings or do you want to work in the Netherlands? If the latter, be aware that you may only work 16 hours per week, which is not nearly enough to support yourself. Perhaps you have someone willing to finance the study for you?

### Importance of study

Why exactly do you want to study in the Netherlands and at the Gerrit Rietveld Academie?- Sandberg Institute. What do you expect from the study? Do you already know what you want to do with the study when you graduate?

We would love to see your personal and specific opinion on this.
